AT YOUR SCHOOL!

Dear Parent or Guardian

There's never been a better time to begin lessons with **SMASH HIT Songwriting School**. In our group based lessons, your child will have the chance to learn how to play an instrument of their choice, develop advanced musicianship skills and learn how to write, record and release their own original songs.

SMASH HIT is a great way for children to have fun whilst learning, to express themselves creatively, to collaborate as a team, to develop confidence and wellbeing and even enhance their overall academic achievement across the entire curriculum.

Here's the key information:

- **Learn to play an instrument**
  Your child can learn their choice of vocals, keyboard, guitar, bass or drums in a way that is fun, accessible and engaging for young minds.

- **Learn to write a hit song**
  Your child will have the opportunity to learn how to write, record and release a hit song for the very first time in primary schools. In addition to this, your child's confidence will grow rapidly as they hone their voice and learn to creatively express themselves through music.

- **End of the year performance**
  As well as receiving a digital version of your child's original song at the end of every school term, at the end of the school year, there will be a SMASH HIT live concert!

- **Happily affordable**
  Charged at £9.75 per lesson with a money back guarantee for your first month, SMASH HIT is more affordable than its competitors and less than half the price of a private music lesson.

Places are offered on a first come, first served basis and are highly popular. By selecting multiple instrument options, this will give you the best chance of getting a place.
